

Erratum for Appendix of Reuter, Ora John. 2013. "Regional Patrons and Hegemonic Party Electoral Performance in Russia" *Post-Soviet Affairs* 29.2.

Table A3 in the appendix of the published article contains a number of formatting errors. The second "Putin's Popularity Rating" variable indicated in the 9th row of the table should not be included in that table. All coefficients in Model 1 of the published table are shifted upward starting at that row (e.g. -3.249 is actually the coefficient on *Elite Conflict* and so on). There were also several minor errors in the reported sample sizes. The corrected table is provided below.
